

Job Description: Delhi Public School, Whitefield is searching for an enthusiastic computer Science teacher to promote computer literacy among our students. In this position, you will be required to craft and present lessons, develop teaching material, and attend parent-teacher conferences and provide instruction on a wide range of computer science courses, including Python, HTML/CSS, Scratch, and Code.org or similar curriculum.

Qualifications: - BCA / BSC/B.E/B.tech or MCA in Computer Science from an accredited college or university.

Experience:- prior teaching experience in Artificial Intelligence for the Grade IX and X is preferred.

Requirements and Skills:

- Excellent communication and interpersonal skills
- Well-organized and committed
- Creative and energetic
- Strong moral values and discipline
- Read and stay abreast of current topics in computer science.
- Work with the administration and technology team to ensure initiatives are being met.

Interested candidates can email their CV attached with cover letter to coordinator_computer_secondary@dpswhitefield.org

as she was busily involved with other things and was ambitious to rise up in her position she would hardly address the department throughout the year, therefore I used to conduct meetings and help them.

- I am honest with the institution and expect quality work, even though Ms.Monika hated me, I did my best both as computer coordinator and as exam in charge, I have trained every new comer.
